Key Benefits

- Integrated storage
- Manufactured from high-quality materials

The PVF 4112 is a standalone videoconferencing furniture for single displays from 55" to 90" and dual displays up to 65". The furniture has to be combined with the Connect-it interface bars and interface display strips. Use the Vogel's camera and loudspeaker holders (PVA 50xx) and loudspeakers (PVA 43xx) to create a complete video conferencing solution.

Perfect for the modern techniques of video conferencing, this unit's design incorporated a great deal of attention to detail. That is what this furniture distincts from all existing, individual solutions. The Vogel's video conference unit provides stylish integration of video conference equipment in almost all environments. The integrated wheels make that the unit is easy to move.
