Article number (SKU)
Colour

8310073
Anthracite metal

Key Benefits

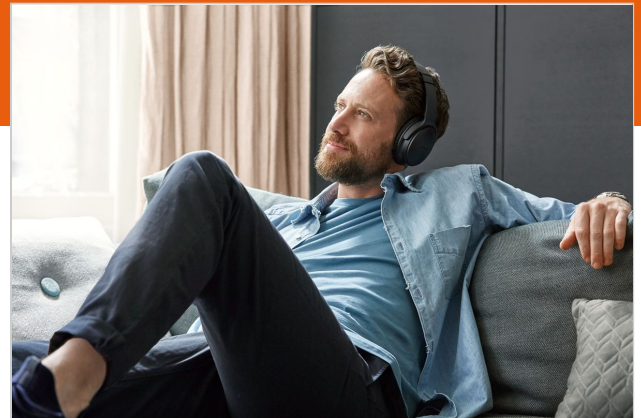

- Stream HD audio via Bluetooth to your audio installation or headphone
- AptX Low Latency enables a synchronised TV experience without delays
- 2 Bluetooth headphones can be connected at the same time

Bluetooth adapter for streaming audio. Suitable for digital and analog. Bluetooth adapter for streaming audio

The SAVA 1001 uses Bluetooth to stream audio from your TV or smartphone to your headphones or audio equipment. Suitable for digital and analogue inputs and outputs. Up to 8 devices saved in the memory, 2 headphones and a Bluetooth range of up to 15 metres.

Streaming music and audio

No bluetooth connection on your TV or audio equipment? The SAVA 1001 makes it possible to stream your music from your smartphone to your audio equipment. Or to connect your TV to headphones for high-quality sound (RX mode). You can connect a maximum of two headphones and the volume of the headphones can be controlled separately. Listen to films and TV uninterrupted Stream the audio from your TV or smartphone to your bluetooth headphones. Thanks to aptX®; AAC and digital audio connections, you can listen to films and music uninterrupted and without any delay or loss of quality. The Quality Signature When you purchase one of Vogel's SAVA products, you are always guaranteed quality and innovation. Smart and sustainable products that do what they are supposed to do. As part of Vogel's 'Quality Signature', you can always count on: reliability, design, innovation, ease of use and ease of installation.
